VISITORS PRESENT

1. Purpose of Meeting.

This was a scheduled meeting held for the purpose of discussing agenda items contained in A-MCGWG-74.

2. Opening Remarks.

The Chairman welcomed the members, consultants and guests to the 2nd MCGWG meeting held at DMA Headquarters. [redacted] was asked to introduce his visitors from SAFSP who were in Washington to attend [redacted]

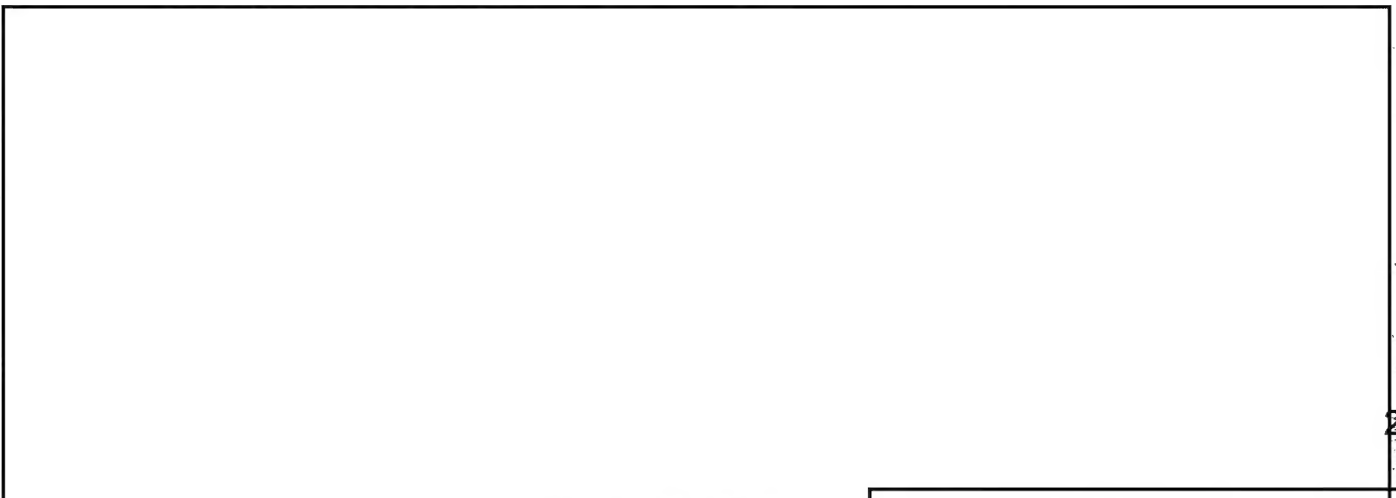

[redacted] Following this, the remaining people were introduced. The Chairman requested that members and alternates have their SAO permanently certify their access to Headquarters, DMA; the Perm Certs would be good for one year. In addition those planning to attend an MCGWG meeting were requested to inform the secretary, telephone [redacted] of their plans for attendance prior to the meeting.

3. Review of Minutes of Previous Meeting.

The Chairman requested the members to pass any corrections they have to the minutes by mail, phone, or TWX within a week after publication. He stated he had received several corrections on the last minutes.

4. Discussion of Agenda Items.

a. Panoramic Photography.

d. ACRES Briefing.

25X1

[redacted] DMATC, presented a briefing on the development and design of the Automated Collection Requirements Evaluation System (ACRES). The system applies to both pan and frame requirements, and is essentially a computer based system for handling both MC&G requirements and priorities worldwide on a WAG cell basis. Elements of ACRES are based on priority weighting factors developed by DoD and reviewed in the MCGWG. [redacted]

25X1

[redacted] questioned the need to input for potential access to areas by aircraft since DoD has so little capability that could be used. It was explained that this item was a small factor and DMA would consider reducing areas affected. [redacted] also noted that the date schedules for aging photo coverage are not consistent in some cases with the recoverage schedules required in the Topographic Readiness Plan. He was advised that DMA will examine and coordinate these differences.
